Kissin' "Cousin" of The World

Editorial - D.C.J.

Monday of last week, on the front pages of daily papers across the United States, appeared a photo easily a contender for the most revolting of recent time. The President of the United States, Jimmy Carter, self-styled champion of human rights, was pictured kissing Soviet Dictator Leonid I. Brezhnev, keeper of more slaves than any other living human.

Jimmy Carter is a kissing "cousin". He kissed the communist leader of Panama as he signed away the Panama Canal. Jimmy is now pressing the Senate for billions of dollars in "enabling funds" to assist Panama in accepting this multi-billion dollar canal.

Jimmy kissed Israel's Begin and according to reports slipped him United States' oil. In retaliation, the Arabs raised the price of crude oil and reduced the supply, putting a triple squeeze on all Americans.

Jimmy Carter should be free to kiss anyone he likes as a matter of personal freedom. When, however, a man holds the office of President of the United States, usually some judgement should be exercised because it becomes national policy.

In the matter of SALT II, it could be the

kiss of death.

In the 1920's Lenin wrote the script. He wrote that the U.S. would be surrounded and attacked through "its soft underbelly". Lenin forecast that the Communist forces would never have to engage the U.S. with military force. He wrote that the United States would fall into "our hands like a ripe fruit".

In the face of recent events, the present Democratic administration has made it clear that treaties should not be signed before the advise and consent of the Senate.

Then, and only then, let kissing begin, if it must.

established an honors list based on the weighted grades earned by each student during a marking term.

Posted to the honors list for each marking term will be students whose weighted grades are: 3.00 through 3.49, Honors; 3.50 through 3.74, High Honors; 3.75 and above, Highest Honors.

Lists at the end of marking terms one and three will reflect grades awarded in that term only. The midyear list will be based on work done during the first half year; the year end list will be computed on the final grade in the course for the year.

The names of the students achieving any of these categories during any marking term will be published to the students and to the community at large. Note will be made in the temporary record of the student and will appear on all transcripts furnished while the student is enrolled or for the five years first following graduation.

MATTAPOISETT GIRLS SOFTBALL TEAM WINS FIRST TWO GAMES

Mattapoisett, defending champion of the Fairhaven Girls' Softball League, started off its 1979 season with victories over Charlie's Sports Store (15-0) and Fairhaven Varsity Club (12-6).

Debbie Drake has sparkled while pitching the team to victory in both games. Key elements in her success to date have been control and the ability to field her position well.

Leading batters in the first game were Nicki Hamer with 4 base hits and Ann LaClair, Toni Sylvia and Marcia Camacho with 3 apiece.

In the victory over the Varsity Club, Toni paced the team with 3 more hits, while Gretchen Hamer and Kathy Baggarly each batted in 3 runs. Unfortunately, Ann LaClair suffered an injury which will sideline her indefinitely. All players and fans wish her a speedy recovery and return to the lineup.

TITLE IVC PROPOSAL APPROVED

At a meeting on June 19, 1979, Mrs. Susan Hottel, chairman of the Massachusetts School Superintendency Union No. 55 representing Marion, Mattapoisett, and Rochester, announced that Union No. 55 had received official notification that the State Board of Education at its May 30, 1979, meeting approved the Union No. 55 Title IVC Proposal, Project L.I.F.T.

Awards made under Title IVC focus on federal funding for creative programs. Project L.I.F.T. (Locating Individuals of Favorable Talent) is a proposal that will fund a gifted and talented program for the three towns at the elementary level.

"I have been pushing for something like this ever since I came on the Committee," said Mrs. Hottel. "I would like to thank all of the people who made it become a reality."

Michael Ward, Principal of the Sippican School in Marion. The amount of the grant is approximately $40,000. The program will start with the identification of five mainstreamed fifth-grade students in each town. The program will expand to the sixth-grade the following year and the fourth-grade in the third year of the operation.

The funds provide for the following: a Project Coordinator; three classroom aides; training at the Renzulli Institute for Gifted and Talented at the University of Connecticut at Storrs for the Coordinator, classroom aides, and teachers; extensive in-service for all staff members during the coming year; transportation; and program resource materials.

The intent of the program is to deal with higher levels of learning; such as synthesis, analysis, and evaluation, and to move students from teacher-initiated learning to student-initiated learning. An important part of the program is a parent support group. Along with the teachers, aides, and Coordinator, Principal Ward of the Sippican School, Principal Reed of Old Hammondtown School, and Principal Elofson of the Memorial School will be attending the Renzulli Institute. Additional back-up funds have been provided in each town budget for staff

High School will be mailed directly from Westinghouse Learning Corporation before the end of June. Parents who do not receive a grade report, or who have questions respecting the grades, are invited to call the High School and ask for the Guidance Department.

Students who were ill during final examinations and who were awarded an incomplete will be eligible to sit for the examinations during the first full week of school in September.

Students who indicated to their teachers that they did not plan to appear for the examination without good cause are not authorized to sit for make-up examinations.

Parents are asked to carefully examine records of absences, tardiness and dismissal and to contact the school prior to July 20. Fourth term notes furnished by students will be destroyed after that date.

An inventory of books found in the student lockers and elsewhere is being made and checked against the list of books for which bills have been mailed. If a lost book is discovered in our inventory, the student will be notified and the charges remitted.

DAR OFFICERS ELECTED

New officers elected at the last meeting of Fort Phoenix Chapter DAR are: Mrs. Daniel Gifford, Regent, (Acushnet); Mrs. Kenneth Winslow, vice regent (Rochester); Mrs. Leonard Elden, treasurer (Marion); Mrs. Charles Maxfield, secretary (Fairhaven); Mrs. Joseph Nowak, chaplain, (Marion); Mrs. Helen Bryant, registrar, (Fairhaven); Mrs. John Halkyard, librarian, (Mattapoisett); and Mrs. Dorothy Lang, historian, (Marion).

Credential papers for three new members were forwarded to Washington for confirmation, and another new member is a transfer from Deborah Sampson Chapter in Brockton.

Members recently attended the 4th District Workshop held at the Smith Mills Congregational Church under the chairmanship of Mrs. Edith Reid of New Bedford. Ten State Chairmen and the State Regent presented an excellent program, followed by Donald Bernard bringing us up to date on his historic work. He presented all present with one of the Bicentennial souvenirs put out by the Old Dartmouth Militia. The State Regent announced that she will present Mrs. Nowak with the Freedoms Foundation Award at the DAR State Conference in Provincetown in September. The award was won by a letter to the Standard-Times entitled "Soviet Union Outspends U.S.", which questioned the wisdom of Salt II Treaty signing.

The next meeting will be at Edith Halkyard's summer cottage in Mattapoisett, a cookout at 12:30, on July 9th.
